

Grass-fed meat

*Direct from the
farmer to you*

Our family runs a certified organic farm at Redbank where we produce organic eggs, milk and meat. All the animals on our farm benefit from the organic farming methods that we use, including being rotated around diverse, nutritious pastures and no vaccinations. Our cows are solely pasture fed, while the diet of our pigs and chickens is supplemented by some grain.

How to purchase our meat:

FARM GATE SHOP

We have a farm gate shop at our farm which is open whenever we are home. If you are making a special trip just text Ann to make sure that she will be there. At the shop you can purchase all the meat we have available plus our Oxhill Organics eggs & Hastings Riverlands dairy products.

PTO....

HOME DELIVERY

Ann delivers to Port Macquarie on Mondays and Fridays, delivery is free if you order over \$70 worth. You are welcome to include an order for eggs and/or Hastings Riverlands products with your order.

Jimmy also delivers to other areas with his Hastings Riverlands run so if you are located elsewhere please check with Ann as to whether we service your area.

WHOLESALE

You can also order wholesale – either 1/4 or 1/2 beef beast or 1/2 or whole pig. You fill out an order form specifying how you want your beast cut up and you pick it up from the butcher and pay us via direct deposit (kg are calculated on dressed weight).
